MONOGRAMMING & EMBROIDERY EQUIPMENT

PR-1500

15-Needle/Colors Home and Business Embroidery Machine

Starting a home business?
Looking to open up your creativity?
Are you looking to add capabilities to your existing
sewing/tailoring/dry cleaning/embroidery business?
Or... Just looking for a portable machine to take to
your kids ballgame to monogram hats and shirts...
Well you have found your perfect partner!
The NEW **Meistergram® PR1500**.

The **PR1500** has user-friendly features that make it easy for the beginner and capabilities advanced enough to make it a valuable partner for a sewing and embroidery professional.

It has the speed of a commercial machine at 1200 stitches per minute. It incorporates noise reduction technology so you can use it at home without waking up the baby.

If you already have a home embroidery machine, the new **Meistergram® PR1500** is USB compatible, so you can use a USB stick to transfer your existing designs.

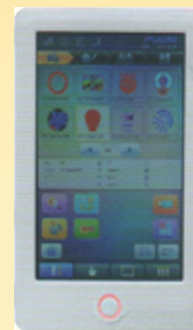

Large Embroidery Area of 360mm x 200-mm (14" x 8").
