EMBROIDERY

Virtual Perfection in Embroidery is Easier than Ever

Built-in embroidery designs, fonts and frame pattern combinations

- 318 built-in embroidery designs, including 13 Bobbin Work designs, 14 embroidery fonts, 3 Japanese embroidery fonts and 140 frame pattern combinations.

Large embroidery area

- Maximum embroidery field of 7" x 12". Includes two sizes of embroidery frames: 5" x 7" and 7" x 12".

Large 3.6" x 6.0" LCD touch screen display

- See up to 260,000 colors with little or no on-screen color shifting. View on-screen tutorials, and control the machine with the large, intuitive on-screen icons.

V-Sonic™ Pen Pal for embroidery

- Use the sensor pen to automatically place your embroidery pattern.

Droplight™ Embroidery Positioning Marker

- The LED pointer shows the needle drop position with pin point accuracy – critical for embroidery.

10-inch LED lighting

- No more task lights needed. 50% brighter than in most Brother™ machines!

Built-in dual USB ports

- Connect to your computer to import and export designs or perform machine updates. Use the second port to import and export designs from your USB memory stick.

Stitch jumping

- Move through your design by up to 500 stitches at a time – a huge time saving benefit if you break a thread.

Overview

Wish you had a mid-priced, high-powered embroidery-only machine? Then the DreamMaker™ XE, with its industry-first features will help make your dreams come true. That's right – for those with a passion to embroider, the ultimate dream machine is here. The expansive 7" x 12" embroidery area is one of the largest workspaces available for home embroidery by Brother™. With the V-Sonic™ Pen Pal use the sen-

sor pen to automatically place your embroidery pattern by touching the desired center and upper portions on the fabric. For precise corners and borders, touch two points on the edge line of the pattern's embroidery square field to easily align it. Getting your design just right is easy with pattern rotation by 1 degree – use the LCD touch screen display to change the rotation angle of your design in 1 degree increments for precise

placement. Change the background color of embroidery designs on the LCD screen display for editing ease and greater visibility during the preview process. Never worry about messy or unprofessional thread trims with automatic thread cutting. With so many industry-first features and included accessories, get ready to enjoy perfection with the DreamMaker™ XE!

Basic Features
