# eXpressive 900

# MADE TO FOLLOW YOUR INSPIRATION!

Whether you quilt, embroider, sew home décor and garments, or do a combination of everything, the elegant eXpressive 900 makes it all more enjoyable. You will be able to accomplish your projects more quickly.

The eXpressive 900 is really effortless to use and gives you such powerful tools that you will spend whole days happily sewing, creating and loving the results.

The eXpressive 900 aspires to perfection. With a sleek allure and unrivalled sewing and embroidery functions that give you perfect control over a huge range of fabrics, this combined sewing machine will help you to reach your goals easily.

## STRONG, CLEVER, IMPROVABLE.

According to your choices, the eXpressive 900 will adapt itself to your favorite settings and little by little become the best assistant. Personalize the built-in stitches and upload your own sewing stitch or embroidery design to create exactly what you need. The eXpressive 900 will allow you to work faster thanks to the high-speed touchscreen. Edit the embroidery designs and stitches and set your preferences. You also have the possibility to work on a bigger screen by using the direct PC-Link. The modifications you are doing on your computer are directly transmitted to the eXpressive 900 internal computer. Enjoy the comfort and ease-of-use of the eXpressive 900 and discover step by step the multitude of possibilities that this combined model offers you.

# EMBROIDERY AND SEWING

## COMPETENT IN ALL FIELDS

With the biggest embroidery hoop size ever proposed by elna brand, the possibilities are multiple for your embroidery projects. The eXpressive 900 offers you the free arm embroidery hoop, perfect for tiny baby projects and also for cuffs, sleeves or any other hard-to-reach places.

The new embroidery unit is very compact and slides easily onto the back of the eXpressive 900, adding extra support for the fabric during sewing and quilting. You will enjoy the largest sewing space and the perfect comfort day after day.

# SEWING, PATCHWORK AND QUILTING

*Take advantage of the 9 mm sewing width!*

The 9 mm width gives you multiple possibilities to use the stitch range of the eXpressive 900.

Make easily larger decorative stitches rows and stronger utility stitches.

## UPPER FEED DEVICE

With the eXpressive 900, you will receive both wide and narrow Upper Feed Devices. The wider gives you stability and has a 1/4" standard foot. The narrow one lets you get in close and has a standard foot and zipper foot.

## STITCH COMPOSER

Use the new "Stitch Composer" easy and included software to create your own stitches, to modify needle-drop by needle-drop an existing stitch and save them to your eXpressive 900 or PC.

## AUTOMATIC PRESSER FOOT LIFT

Activate the Automatic Presser Foot Lift for automatically lift the presser foot after a thread cut or after a programmed thread cut at the end of a decorative stitches row. Keep your hands free and easy pivoting!

## EMBROIDERY

### *Free Motion Quilting.*

The new Free Motion Quilting system automatically detects fabric thickness and adjust the presser foot to the proper height. Of course the manual adjustment is still possible if you want a personalized control.

### **MAXIMUM COMFORT**

A sewing bed with 15" of embossed stainless steel plate with useful measurements and a retractable light that will lighting your work as you need it in addition to 10 built-in LED lamps. The Optic Magnifier will also help you to see the needle area better than ever.

### **STANDARD HOOPS**

Four standard hoops go from super large, 9.1" x 11.8" of embroidery area, to tiny free arm that allows you to embroider any hard-to-reach places. The magnets provide the best stability to the fabric for a best than ever embroidery quality and accuracy.

# EMBROIDERY

## *The new Digitizer Junior and Digitizer EX Version 4:*

One junior version and one advanced version of our Digitizer software are available to allow you to create your own embroidery designs from drawing, clip-art, picture or any graphic image. Simply transfer the data into your eXpressive 900 and discover many features allowing you to rework the image and the embroidery design until you have the perfect result!

### **DIRECT PC-LINK**

This feature offers the complete flexibility of a computer interface and the accuracy of the control of a mouse to edit the embroidery design. Of course the eXpressive 900 allows on-screen embroidery editing with all options.
